

AVDC Candidate COVID Protocol for Phase II Exam 2023

Please be aware that these protocols are subject to change.

Pre-exam:

- Optional--negative COVID test 3 days prior to travel.
- While travelling--comply with all CDC recommendations about mask wearing during travel

During the Exam:

- Please adhere to state and county COVID protocols at all time.
- Candidates may elect to wear masks while at the Viticus center. If the Viticus center develops or changes its COVID protocols, candidates are expected to comply with those changes.
 - Candidates are responsible for providing their own masks.
- If you develop symptoms during the examination, please inform the Exam Committee. You will need to consider the remainder of the exam incomplete. If you are unable to complete the exam due to COVID symptoms, this will not count against an additional attempt at the exam. You will be given access to your materials to pack up after the other candidates are no longer in the exam room.
- You will need to comply with airline travel requirements about travel while ill.

After the Exam:

In the event that you develop symptoms consistent with COVID within a week after the exam, please inform the AVDC immediately.
