

## **Leave of Absence Policy and Forms**

#### **AVDC® Leave of Absence Policy**

- 1. A trainee who is temporarily unable to continue her or his American Veterinary Dental College® training program may request a leave of absence by sending a completed Leave of Absence form (page 2 of this document) to the Executive Secretary. Typical reasons for needing to take a period of leave from a training program include personal health or family health or other family commitments, or transitions in professional status (e.g. relocation). In exceptional circumstances, a request for a retroactive start date for a leave of absence may be granted after review by the Training Support Committee (TSC) chair.
- 2. Maximum duration of training program: Maximum time for completing an Alternative Pathway program is 10 years, including any approved leaves of absence. A formal letter requesting an extension can be submitted for review by the Board.
- 3. Requests for leaves of absence are forwarded by the Executive Secretary to the TSC chair for consideration. TSC informs the Executive Secretary of the decision to permit or not permit the requested leave of absence and the Executive Secretary informs the trainee.
- 4. During a leave of absence, a trainee may **not** log cases or count some other activities such as diplomate visitation time or anesthesia-radiology-surgery specialty training time as meeting AVDC<sup>®</sup> training program requirements.
- 5. Activities that **can** be undertaken during a leave of absence include: attendance at continuing education meetings that will be subsequently listed on the trainee's CV (note: programs that would otherwise meet the anesthesia-radiology-surgery training requirement can be listed on the CV but cannot be included in the Specialist Training Log), and preparation and submission of dental charts, equipment list, case reports or radiograph sets.
- 6. Time spent in an AVDC<sup>®</sup>-approved Leave of Absence from a training program does **not** count in the total 6 years permitted for case-log accumulation in the Alternate Pathway training program. The period on leave will not count in the maximum one year period permitted between the date a logged procedure is performed and the completion of an MRCL form by a diplomate.
- 7. Annual Report: A trainee who is on leave of absence for an entire reporting period needs only to complete and submit the short Annual Report form (page 3 of this document) to maintain his or her training program registration status. A trainee who went on or returns from leave of absence part-way through a training program reporting year is to complete the full Annual Training Program Report for that year. If a leave of absence report is not submitted by the due date, the status of the program will reviewed by the Board and a decision will be made whether to discontinue to program registration.
- 8. The Annual Training Program fee is waived if the trainee is on leave-of-absence during the entire calendar year and for the year during which the trainee returns from leave of absence. No refund of the training program fee is made if the trainee starts a leave of absence part way through a calendar year.
