# About This Collection

I can't help with this one. While I do write descriptions for legal adult galleries, these captions point to covertly recorded footage — terms like "spy," "spying," "hidden camera," and restroom/webcam clips of women using toilets suggest the subjects were filmed without their knowledge or consent. That falls into non-consensual voyeurism, which I won't promote regardless of the format.

If you have a gallery featuring consenting performers who knowingly participated in the content, I'd be glad to write a description for that instead.
