About This Collection

Anthro lionesses from The Lion King take over this gallery, and Nala leads the way with that lion pussy front and center. Sarabi, Sarafina, Kiara and Vitani join her, drawn anatomically correct, all soft fur and heavy breasts, caught after sex on all fours or stretched out for a closer look. Some scenes stay playful, others turn raw, with cum and close detail that leave little to the imagination. If that sounds like your kind of pride, the full set is waiting through the link above.
